## **Investor Update**

### **Action of the General Assembly**

On Tuesday, August 7, 2001, the General Assembly of the State of Tennessee overrode Governor Don Sundquist's veto of the Amended Budget described in the July 24, 2001 **Investor Update**. By this action, the Amended Budget became the State's operating budget.

At this time, neither Moody's nor Fitch has announced any change to the State's rating. Should any changes be forthcoming, the Comptroller's Office will issue another Investor Update.

There has been no indication from the Governor's Office of his intent to call a Special Session of the General Assembly.
